what our students say...

christine indra prigi raja, tanjung pinang
"Although the fees are high, it is worth it. Our lecturers are well-qualified and caring. Singapore is safe and going back home is easy, the cruise terminal is just across Sentosa, I could easily catch a ferry ride to Tanjung Pinang."

seprina, batam
"I can't forget a field trip to visit attractions in Singapore; I discovered how important arts and heritage are for tourism. My school itself is an interesting heritage building in the heart of a resort island. With such a rich exposure, I am liking every moment of my studies here."

suryanti, batam
"I like the real experience here, from hands-on in culinary, to service operations, to deployment at Sentosa Golf Club, I am always learning new life skills. The life skills gained will be invaluable asset I could bring to the working world."

cory winata saputra, bandar lampung
"The Tourism Academy prepared me well for the industry. I graduated in 2008 and am now working in a travel company. I brought with me skills in problem solving, project management, interpersonal relationship and IT to my company. I feel confident and competent at work"

cintya eliani saputra, jakarta
"I never imagined I could have some best friends who are from different countries with different cultural backgrounds. Thanks to them, I have adapted well and they let me realised there are so many opportunities out there. Life in The Tourism Academy has been enriching."

hendra, tanjung balai
"I like Travel Geography most. It is so exciting to learn about different countries. The learning method for this subject is different. It is e-learning. Online research, self-directed learning and peer teaching are ways to go. My written English has also improved as we discussed extensively online in English."

zexsen, tanjung balai
"Student life is fun. Beyond curriculum, I get to organise and lead in activities such as Orientation, Open House and others."

mega yogi perwira, batam
"I feel I have grown especially after the internship. I interned at Original Sin where I learnt to prepare main course, mise-en-place and others. With the Resort World @ Sentosa soon ready, I see an exciting future in culinary awaiting me. Being students of a government institution, we are well regarded by the industry."
