

what our students say...

aung ko myint

"It's been very exciting socialising and learning from classmates who come from different countries. I love to hear my classmates speak in their own languages! The life skills will be very valuable in the working world."

aung san kyaw

"I was an intern at a major travel agency for three months. The training I had received in the course was very relevant and gave me the confidence to perform well. While some people think the course fee is expensive, I think it is suitably priced because the experience is so valuable."

tharaphy oo

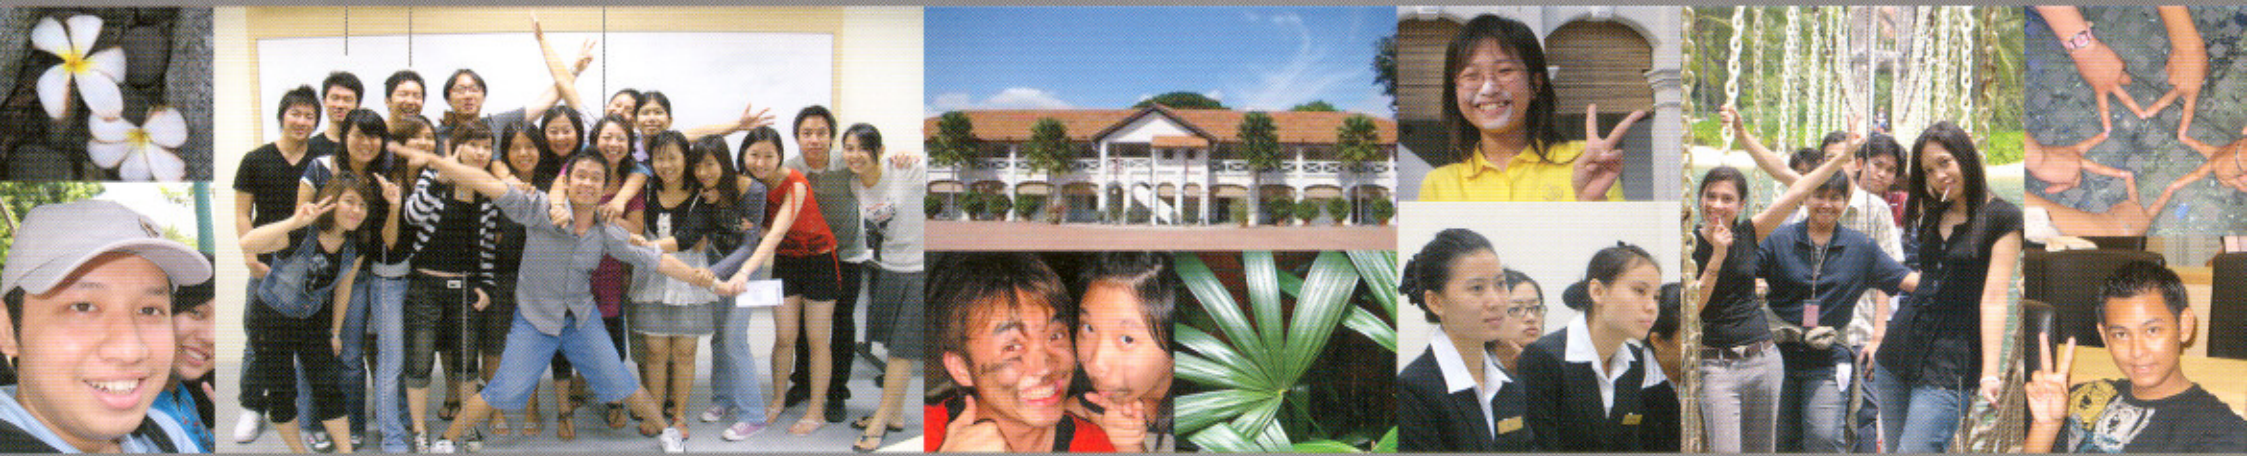

"The lecturers are very friendly and always ready to share with us. In many ways, they are our friends. I appreciate how my lecturers helped me to see opportunities when all I could see was challenges."

ma htet htet lin

"The two-week orientation programme was packed with activities that helped me pick up new learning skills, bond with my classmates from different countries and understand Singapore as a destination. It was also fun and exciting. What a great way to start my new life in Singapore!"

phyu phyu win

"Our curriculum includes industry deployment, restaurant service and culinary skills. Being students of a government tertiary institution, we are highly regarded by the industry."

thaw oo ko

"My new friends are my 'family' away from home. It has made studying and living in Singapore so much more enriching. Thanks to my new friends, I have adapted well."

ma sandar hlaing

"Student life is fun as there are lots to see and do on the island besides studying. I have also become more confident and independent. I like the safe environment which makes living and studying here really enjoyable."

khaing nyein nwe

"The school is located in a restored heritage building on Sentosa and is an attraction in itself. We often have tourists on our campus and it gives us the opportunity to interact with them."

myat su thant

"Our resort campus is located near the upcoming Resorts World @ Sentosa and will be a source of future employment."
